

# HUNUA HILLBILLY CAMPING INFORMATION

## CAMP CHECK IN

Camp check in will be open 3pm – 8pm Friday night.

We will meet you on arrival and allocate you a spot, which will be marked out for you - based on your preferences below!

We have a pretty full house of campers (which is awesome!!), so please be mindful of space when setting up.

(If you are arriving out with these hours, please just set-up as quietly as possible and we will see you at Registration in the morning)

Strict 'lights out' times will be observed, and no noise is to be made after these times.

Friday 9pm and Saturday 11pm

## CAMPSITES

We will keep the drier area for campervans and the area further away from event base for families or those looking for a quieter evening.

As you will see on map below, the finishers will be running right through the park and the event base will be right in the middle, so wherever you end up you will be part of the action.

## VEHICLES

We are hoping to have vehicle access for you to park on your camp site. This will depend on how wet it gets out there next week (but at the moment its looking good) – otherwise you will park as close as possible. We also have a hard area as a backup for campervans should we need it.

## FOOD

There will be food (BBQ – steak sandwich, simple beef burger & sausages (beef and Veggie) in bread) and drinks available for purchase from lunch time on Saturday, as well as the evening meal for everyone who has booked this. We will also have a complimentary tea and coffee station set-up at event base to help yourself to (donations to our event Charity will be greatly appreciate, but not necessary) –

Friday dinner, breakfasts and any other snacks/meals required need to be brought with you.

## FACILITIES

Onsite toilets will be available throughout the weekend, as well as drinking water, boiling water, and 1 of our gas BBQ's available for anyone to use at event base.

The hot shower trailer with 2 units will be a 300-400m walk away - as this is the closest location with sufficient water pressure. Please keep showers as short as possible and only use the natural soap provided.
